BERMUDIAN JT. BOARD ELECTS TWO TEACHERS

The Bermudian Springs Joint School Board at its June meeting Monday evening elected two teachers, accepted the resignation of another and heard progress reports on the two major building projects they are conducting. President Raymond Leer presided at the meeting with 19 directors present.

The report of the architects, Buchart Associates, York, showed the East Berlin grade school building is 75 per cent complete with most of the work remaining to be done being the renovation of the old building. The new section is virtually finished, the board was told.

The new Bermudian Springs High School building is 30 per cent complete. Masonry work is being done on the gymnasium while structural work for the shop section is nearly finished. Steel for the main building is expected this week, the directors were told.

Teacher Changes

Two teachers were elected on the basis of recommendations of the personnel committee presented by Mrs. Mary Baker, chairman. Donald J. Morrison, Mechanicsburg, a Millersville State College graduate, was elected to teach industrial arts at \$3,900 and Mrs. Emilie Eshelman, East Berlin, was elected to teach the Fifth grade at East Berlin at a salary of \$4,100. Gettysburg Area Population Up 20 Pct.; Pupils Up 60 Pct.

The population of the districts making up the Gettysburg Joint School District jumped 20 per cent in the last 10 years but the pupil population in the public schools went up more than 44 per cent in the same period, according to figures given the Gettysburg Joint School Board Monday evening.

Superintendent H. Edgar Riegler gave the directors school district figures from the 1960 census report showing that Gettysburg borough and the six townships that make up the joint school district saw a population jump of 20.76 per cent in the last decade. The totals were 14,936 in 1950 and 18,036 in 1960.

Straban and Cumberland Twp., had the biggest gains. Straban's increase was 46.01 per cent and that for Cumberland was 45.67 per cent. Freedom's population went up 1.94 per cent; Franklin's, 5.37 per cent; Gettysburg's, 12.32 per cent; Highland's, 30.76 and Mt. Joy's, 20.65 per cent.

Higher Than County

Mr. Riegler noted that the percentage increase for the Gettysburg Joint School District is considerable higher than that for the county as a whole—17.06 per cent. He noted also that from 1940 to 1950 the county's population went up only 12.08 per cent.

County school directories show that the enrollment of the Gettysburg public schools in the last decade increased from 1,744 to 2,517.

An indication that the local school population is to continue to grow was seen in the figures on new first graders enrolled to date for next September: Cumberland, 51; Mt. Joy, 13; Highland, 6; Straban, 36, and Freedom, 8. The figures were given by Richard A. Folkenroth, elementary coordinator.

I AM OLD GLORY:

For more than eight score years I have been the banner of hope and freedom for generation after generation of Americans. Born amid the first flames of America's fight for freedom, I am the symbol of a country that has grown from a little group of 13 colonies to a united nation of 50 sovereign states. Planted firmly on the high pinnacle of American faith, my gently fluttering folds have proved an inspiration to untold millions. Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity. They have prayed that they and their fellow citizens might enjoy the life, liberty and pursuit of happiness, which have been granted to every American as a heritage of free men.

So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers; so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of America.

I am Old Glory.

The words "Old Glory" came about this way: Captain Stephen Driver, when about to sail from Salem, Mass., was presented with a large American flag. As it was flung to the breeze he cried, "I christen thee 'Old Glory.'" a name that will now endure as long as the emblem itself.

More Than A Million Filipinos Roar Tumultuous Homecoming To President; Rivals Reception He Received In India

By JOHN SCALI

MANILA (AP) — A joyous, singing, almost uncontrollable mass of Filipinos today nearly overwhelmed President Eisenhower with an ecstatic welcome.

This land which the United States set free only 14 years ago gave Eisenhower perhaps the greatest tribute he has ever received overseas. One and a half million or more roared their acclaim along a flag-bedecked route showering Eisenhower with a never blizzard of pastel confetti and even paper boxes.

The crowd roared the hysterical turnout of Indians who welcomed Eisenhower to New Delhi last December.

85-degree Heat

Sometimes surging out of control, the tide of humanity slowed its parade to a walk as they jammed to within inches of the open car. He rode beside Philippine President Carlos P. Garcia from the airport to downtown Manila, 10 miles.

Acrid fumes from the slow-moving cars occasionally brought tears to Eisenhower's eyes. Filipino and American security agents strained to clear a path in humid 85-degree heat. One enthusiastic well-wisher tried to climb on the hood of the automobile. Police hustled him away.

U. E. Baughman, head of the U. S. Secret Service, estimated the crowd at 1½ million. The Philippine press secretary, Jose P. Nable, said police and military officials set the total at three million—1½ million in Manila alone.

Flashes Famous Grin

Dripping with perspiration, Eisenhower flashed his famous grin at the crowds. They smiled and waved back at him with affection for a home town boy made good—the young army officer who served here in the '30s and later became president. The display was unequaled in the islands' history. The tone of the popular greeting was obvious from the moment Eisenhower landed at the airport after a long, tiring flight from Alaska via Wake Island.

Garcia—despite political pressures that sometimes make it expedient to strike an unfriendly pose toward America—was unflinching in his praise of Eisenhower and the United States as leaders of the free world in a quest for peace.

Staunch Ally

Garcia said the Philippines "is and will ever be the staunch friend and ally of the United States." He praised Eisenhower for his "patient, passionate and unrelenting quest for permanent and just world peace."

Eisenhower, referring to disputes between the United States and its former colony over war claims and trade relations, replied that "no petty difference can ever tear apart" the bonds of friendship between the two countries.

In a personal note, Eisenhower also conveyed good wishes from Gen. Douglas MacArthur, who led

SCHOOL BOARD ELECTS 3 NEW TEACHERS; ONE RESIGNATION

Three teachers were elected and one resignation accepted by the Gettysburg Joint School Board Monday evening at its June meeting. President Ralph W. Guise presided with 21 of the 37 directors in attendance after waiting more than a half hour for a working quorum.

Mrs. Nancy J. Murdock, Gettysburg, who has been doing substitute teaching in the local schools, was elected to the high school faculty at a salary of \$4,100. Her classroom assignments have not been listed.

The board elected Mrs. David Forney, Gettysburg, as a girls' physical education teacher at the high school at a salary of \$3,800. This will be her first teaching assignment and she will complete her work for certification this summer.

Mrs. Ryman Resigns

One elementary teacher, Miss Mitzi C. Smith, Mont Alto, was elected at a salary of \$3,800. She is a Wilson College graduate. The elections came on recommendations of the teacher and curriculum committee, presented by its chairman, Hugh C. McIlheny.

Superintendent H. Edgar Riegler announced the receipt of a resignation from Mrs. Mary B. Ryman, Aspers R. 1, art teacher in the high school here for the last two years. The board accepted the resignation. Mrs. Ryman has accepted a position as art teacher in the Biglerville High School.

On recommendation of the finance and planning committee, presented by its chairman, Addison Durbanow, the board directed Secretary Kenneth G. Reinhardt Jr., to solicit bids to have minor repair and remodeling work done this summer at the Lincoln School building which will be used next fall for the seventh graders.

To House Seventh Graders

Estimates indicated the work will cost about \$1,200 but it was indicated that figure might be cut by having the custodial staff handle some of the maintenance work involved. Bids are expected to be acted upon at a special meeting of the joint school committee of the board before the directors' regular July meeting. Bids on some high school equipment will be handled at the same time.

The work to be done at Lincoln School this summer will include repairing the ceilings of two rooms, removing two temporary partitions, installing some plasterboard, building bookshelves and storage space, building a concrete block wall around the furnace, installing a fire door and an extra exit to conform with state Department of Labor and Industry orders.

Superintendent Riegler said the eight rooms there will house the 262 seventh graders next year and probably will be used for the same purpose for 1961-62 or until a new high school unit is ready. The only alternatives to fixing up Lincoln School, idle since it was vacated about mid-year by pupils assigned to the Meade School, would be to use the high school cafeteria, stage, etc., for classroom space or to hold double sessions of school, the board was told.

For several years before the Eisenhower School was opened, the school board paid up to \$4,500 rent annually for five rooms at the High Street building.

Third and fourth grade desks now at Lincoln School will be sold and furniture moved there from the high school building. New furniture will replace it at the high school.

The board ordered bids totaling \$9,527 paid and Secretary Reinhardt reminded the directors that (Continued On Page 2)

West Demands Control System

GENEVA (AP) — The Western powers again told the Soviet Union today they will never accept a disarmament agreement without a control system providing guarantees for their security.

French disarmament expert Jules Moch, speaking on behalf of all five Western delegations at the 10-nation conference, said the Western position on this point "is constant and firm, and the Soviet delegation must realize that it cannot be modified."

Moch said the new Soviet disarmament plan, while accepting controls in principle, left the Western powers in doubt and anxiety over how these controls would be applied.

He told the Soviet delegate, Valerian Zorin, the West cannot agree to a treaty which leaves details of the control system to negotiations after signature of the treaty.

final payments to the jointure treasury for the school year ending this month are due and rental checks on two building projects also are due this week.

Buy New Bleachers
The board gave Shenk and Tittle, Harrisburg, the contract to furnish eight rows of 15-foot bleacher sections at their bid of \$2,880. It was the lowest offer among three received. The contract was awarded or a unanimous roll call vote. The bleachers will be used for football and for basketball.

The board learned that a bidder's error will save the school district about \$1,000 on 160 pupils' desks ordered last month from C. M. Eichenlaub, Harrisburg. A letter to the board Monday evening told of an error of "more than \$1,000" on the \$3,464 Eichenlaub bid and offered to pay for re-advertisement for new bids. The board decided to hold Eichenlaub to the bid on which the contract was awarded because there is not time to re-advertise.

Negotiations Go On
Chairman Durboraw of the finance committee was asked what progress is being made on negotiations for purchase of the gun club property to enlarge the high school campus. He said: "We have been negotiating on different angles and we have met with the architects about two sites for the new high school unit but we do not have any recommendations yet."

On recommendation of Attorney John A. MacPhail as school board counsel, the board voted to make application for a permit to conduct school entertainments under the provisions of a new borough ordinance.

The board made plans to hold its July meeting at the recently remodeled Meade school building.

Need Two Custodians
The property committee and the administration were authorized to secure two extra school custodians.

On recommendation of the teacher and curriculum committee, the board authorized plans for adult evening classes in two series this fall and winter. One would operate in the fall and the other after Christmas. Previously the classes have opened in January.

The individual districts would continue to have the right to decide whether to finance part of the cost for persons enrolled from their respective districts.

Teachers in the public school system here would not be permitted to serve in more than one of the series of night classes.

Permission For Jaycees
The board also adopted a teacher committee recommendation that the district should not employ any teacher for a second consecutive year on full-time emergency certification.

The Gettysburg Jaycees were given permission to use the high school cafeteria for record hops June 27, September 24 and November 18 at \$25 per night.

The Adams County Motors asked permission to use the Lincoln schoolyard for auto display purposes this summer and the matter was turned over to the property committee to work out arrangements.

The monthly report of the First National Bank, school district treasurer, showed a current balance of \$34,815 after expenditures of \$65,455. The principal income item was \$64,184 in tuition from the member districts.

Other Reports
The school cafeteria reports were presented for 21 days of operation in May. At the high school an average of 966 students were fed daily and 34 adults with a net profit of \$987. At Keefeauver School there were 598 students and 36 adults fed daily with a net profit of \$445. At Eisenhower School there were 405 students and 22 adults fed daily. The activities fund balance was given at \$12,741 after \$8,336 had been paid out. The athletic fund showed a balance of \$610.26 after expenditures of \$495.

Announcement was made of a state school directors' conference at Indiana State College July 22-24.

"OUR DEMOCRACY"

Our democracy is priceless . . . for in it we can find . . . the treasured things that foster . . . a blessed peace of mind . . . what better place than this . . . where man is free to do the things . . . that will afford him bliss . . . of course we are not perfect . . . there's still much to be done . . . but freedom's tree is growing fast . . . and hate is on the run . . . God bless our great democracy . . . keep it forever strong . . . guide our leaders on a path . . . that detours what is strong . . . freedom is life's most priceless thing . . . this some do not believe . . . still, very seldom one of them . . . will ever want to leave.

More Than

(Continued From Page 1)

American forces back to the Philippines in World War II. Eisenhower served under MacArthur as staff aide in the Philippines when MacArthur was military adviser to the Philippine army before the war.

Crowd Fifteen Deep

The two presidents, sitting side by side in a long convertible, headed into the city. The route wound through tree-lined residential areas and the bustling, modern heart of Manila rebuilt from the destruction of World War II. The crowds were packed 10 and 15 deep in some places. Humidity made it like a steam bath for many along the route. But this put no check on their high spirits.

People jammed onto roofs and balconies for a better look. Boys scrambled up trees. White House press secretary James C. Hagerty was asked to compare the Manila reception with the some two million Indians who hailed Eisenhower as "the prince of peace" when he visited New Delhi.

Most "Enthusiastic"

Hagerty said it was hard to make comparisons. But he added: "It is as big a one as I have ever seen and I certainly have never seen any as enthusiastic."

Spectators waved banners, pennants and "We Love Ike" placards. Some of the Filipinos hung from trees and lamp posts and stood jammed on balconies.

Filipino officials, who had encouraged a massive turnout, seemed overjoyed.

There were times when Eisenhower appeared tired and concerned. He perspired profusely in the humid 85-degree heat. But he still grinned.

Ten-day Asian Tour

Eisenhower flew to Manila to start his 10-day Asian tour after an overnight stop at Anchorage, Alaska, and a brief pause for refueling at Wake Island. His big orange-nosed jet landed at Clark Air Force Base north of the city and the President flew on to Manila in the propeller-driven Columbine III, since the Manila Airport runways are not long enough for the biggest jets.

Strong Contracts

The warmth of the Philippine welcome was in marked contrast to the fears of the reception awaiting Eisenhower in Tokyo, where leftist opponents of Prime Minister Nobusuke Kishi have been demonstrating daily in protest against Japan's new mutual defense treaty with the United States. But reports from Tokyo today said the threat of violence for the President's arrival was subsiding.

The Manila crowd was in a joyous, festive mood, reminiscent of the throngs that turned out for the President in New Delhi, on his last visit to Asia.

Many carried banners reading "Mabuhay (Long Live) Ike." Arches across the motorcade route proclaimed "We Love Ike."

Will Leave Thursday

Eisenhower stood for a short time in the back of the open convertible smiling and waving to the people, Garcia at his side.

At one point, early in the parade, the crowd surged so close to the car that Philippine security men jumped out of a car behind with tear gas guns at the ready.

The motorcade progressed down famed Dewey Boulevard, along the shores of Manila Bay, through the heart of the Philippine capital's entertainment, trade and financial districts to the sprawling, Spanish-style palace where Eisenhower will stay until he leaves for Formosa at midnight Thursday.

Small children in the crowd yelled "Yeh, Ike," a familiar Filipino form of greeting.

15 To 20 Deep

People leaned out of windows and stood on balconies to get a glimpse of Eisenhower. They were 15 to 20 deep on the sidewalks along some stretches. Many waved small American and Filipino flags. There were cheers and handclapping.

Beads of perspiration formed on Eisenhower's forehead and ran down his face, which appeared to grow more ruddy above the white flower lei an aide to President Garcia had hung around his neck. The sun blazed and the temperature was in the mid-80s.

Donna Sheaffer, Sally Morelock; exercise "The Sweet Month of June," Larry Zepp, John Oberlander; recitation "The Right Stand," Robert Ritter; exercise "Through the Happy Golden Hours," Dennis Miller, Cindy Kump and Robert Harmon; recitation "Christian Education," Deborah Kammerer; exercise "Try Smiling," David Weisel, Bruce Plunkert, William Snyder; school song by the entire primary department; recitation "The Violet," Sally Myers; recitation "Why Not?" John Bowman; exercise "Youth's Glad Hour," Jean Keefe, Darla Harner, Jane Keefe; recitation "One and Only," Steven Snyder; closing hymn by the congregation.

Ruth Crouse, delegate, and Rita Hoke and Mabel Ritts were in Pittsburgh over the weekend to attend the state Eagles Auxiliary convention as representatives of Littlestown Aerie No. 226 Auxiliary. About 115 delegates attended representing 111 auxiliaries and a total membership of 10,000. Sessions opened Friday and closed Sunday.

FIFTY YEARS AGO

DAR Marker: The Gettysburg Chapter of the Daughters of the American Revolution have placed a Pennsylvania State DAR marker on the grave of Emanuel Ziegler in the Reformed church graveyard. The grave is midway between the church and the alley and close to Stratton St., and can be easily seen from latter street. Emanuel Ziegler, the grandfather of Hon. W. T. Ziegler, was a Revolutionary War soldier. He was born in McAllisterstown, now Hanover, in 1763 and when 18 years old enlisted in the Continental army. After the war he made Gettysburg his home and died here in 1855, one of the last survivors of the War of Independence and was granted a pension by the U. S.

Auto Run Through Here: Gettysburg will witness the big New York Herald and Atlanta Journal automobile run this week. Seventy-seven cars have been entered, by far the greater number being southern cars. Many from the same state. The tour is in the interest of a good road highway north and south, and left Atlanta on Monday and itinerary puts the cars in Gettysburg the evening of Friday, June 10, and they will remain here over night and next day make the run to Philadelphia. The cars will come here from Winchester, Va., by way of Hagerstown and down the Fairfield road to this place and on Saturday morning they will go by the York turnpike through New Oxford and Abbottstown. There are 69 contesting cars and 7 official cars.

Act Of Congress To Get Alley: Congressman Lefebvre offered a bill in the House of Representatives on May 28 to terminate the difficulty between the Borough of Gettysburg and the Gettysburg National Park Commission about the alley between Middle and High streets and crossing East Confederate avenue. The development of the eastern part of the town has required opening of the alley but the crossing of Confederate avenue could not be arranged as position was taken that the avenue belonged to the United States and only a cession from Congress could give what was wanted.

Large Strawberries: William Rensel, Iron Springs, the champion strawberry raiser in this section, has in his possession 15 strawberries measuring one yard in length, all placed in a line. He put eleven together and they filled a quart. Who can beat it?

June Witnesses The Fleck Shears Nuptial: Miss Mary Martha Shears, daughter of Mr. and Mrs. Murray Shears of W. Middle St., and Rev. William K. Fleck, pastor of the Lutheran Church of Fairfield, were united in marriage at the home of the bride. The wedding march was played by William Troxell Jr., and the ceremony was performed by Rev. Daniel E. Weigle, assisted by Rev. L. Dow Ott.

Today's Talk

GLITTER
Glitter makes up a lot of people's lives—all too much. The glitter behind money and soft words, temporary fame, and a veneered reputation, leads countless numbers all the time away from what's real.
Glitter always disappears as mysteriously and as quickly as when it first appears.
Permanent things creep up quietly and with little fuss or fury. You see no glitter in them. That is why success, as success, looks so unattractive—it means WORK to attain it!
Learn to pass by all glitter. Glitter is like a stimulant. It makes you comfortable and falsely happy for a little while. Then its value is seen through the rays of its bitterness. For elegance, great display, large wealth, and multitudinous possessions are largely glitter.
It is in the simple things of life that we find our finest joys.
Ask the man who has all that money can pay for if he is as happy as when he wanted everything—and had no money to buy things with. What spurs us all on is the anticipation of things greatly desired—but just a little way off most of the time. But to him who can grasp them at any time desired, they hold no fascination. They only glitter sadly.
Glitter reaches the eye only, it never finds the heart.

Just Folks

THE STATES
There is no star within the flag
That's brighter than its brothers.
And when of Michigan I brag
I'm boasting of the others.
Just which is which no man can say;
One star for every state
Gleams brightly on our flag today,
And every one is great.

The stars that gem the skies at night
May differ in degree,
And some are pale and some are bright;
But in our flag we see
A sky of blue wherein the stars
Are equal in design;
Each has the radiance of Mars
And all are ours and mine.
The glory that is Michigan's
Is Colorado's, too;
The same sky Minnesota spans,
The same sun warms it through.
We share alike one purpose true,
A common end awaits;
We must in all we dream or do
Remain United States.

BERKELEY, Calif. (AP) — An arson expert says the firebugs who cause the most damage are youngsters with matches.
"One of our big jobs is to catch these kids early," said Sgt. H. B. Hatcher of the Los Angeles sheriff's arson squad. "The little ones, 2 and 3, start fires by accident, but when they get to be 8 or more, they know what they're doing."

WARNS ABOUT BOEHM DELAY BY SENATORS

HARRISBURG (AP)—Gov. Lawrence says the Senate's delay in confirming reappointment of Dr. Charles H. Boehm as superintendent of public instruction may cause future Democratic governors to refuse to name Republicans to cabinet posts.
Boehm is a Bucks County republican named four years ago to head the state's public schools by former Gov. Leader, a Democrat.
Lawrence told his news conference Monday the Republican-dominated Senate is foolish to hold up on Boehm's reappointment.
"I think he's (Boehm) doing a good job. He's a nonpartisan head of government," Lawrence said, adding:

"Some Local Problem"
"If they (Senate Republicans) keep that kind of stuff up, they're going to get future... Democratic governors to never name a Republican cabinet officer."
Sen. Marvin Keller (R-Bucks), said last week he requested delay on Boehm's appointment at the urging of two persons whom he declined to identify and indicated some local problem was the reason.
Lawrence also said in response to a question that he planned no action against Chief Magistrate Joseph Hersch of Philadelphia. The Justice Department is making an investigation of the alleged use of Hersch's home as the voting address of unrelated Philadelphians.

Letter To The Editor

June 11, 1960
Dear Sir:
Thirty years ago I began having a small but persistent hand in dog affairs and, 11 years past, came to this old hill farm, calling it the Sanctuary for Homeless Dogs. Here I am both staff and kennel-keeper. Perhaps you have seen my letters asking for help. Perhaps you are one who has helped us. About once a year, through the kindness of editors, we are able to make our needs known.

We can use food of any sort, old blankets, towels or pieces. Just about anything can find application. There are 50 dogs here now—the sick, the lost, the abandoned and the old.

Will you keep up in mind?

Nine Beatniks In Park Are "Okay"

PONTIAC, Mich. (AP) — "One character was running around in a leopard-skin robe and wearing a turban. A girl was doing a shake dance. As a matter of fact, the guy in the leopard skin was swinging from the trees."

That was the lament Monday of Jack Weiler, a public park manager, about nine beatniks from the Cave of Nine Cats coffee house who invaded his park.

The beats were arrested at the park Saturday on a charge of disturbing the peace. But Oakland County Prosecutor George F. Taylor said he couldn't find any law making it illegal for beatniks to beat bongos, dance and recite verse in a public park. He ordered the nine released.

SCOTT IS NOT CAMPAIGNING FOR GOP V. P.

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP)—Sen. Hugh Scott (R-Pa) endorsed for the GOP vice presidential nomination by Pennsylvania's delegates to the Republican convention, says he doesn't take the action seriously.
"I'm not actively campaigning for it," Scott told a newsmen, "although I do consider it a compliment."
"But with the Pennsylvania delegation having indicated a preference I hope we will stay united until they decide who they do want for vice president."

Stassen A Holdout
Vice President Richard M. Nixon—with whom Scott is closely associated—is virtually the unanimous choice of the Keystone State GOP delegates for the presidential nomination. Scott is chairman of the Pennsylvania delegation.
Still a holdout, however, is Harold E. Stassen, delegate from Philadelphia. He has been attempting to line up opposition to Nixon.
Scott said that at the request of Nixon and Sen. Thurston B. Morton (Ky., Republican national chairman, he is going to Chicago a week ahead of the July 24 opening session.

To Caucus July 24
This advance arrival, however, will be for the purposes of duties as general counsel for the GOP national committee, Scott said, and not to work for Nixon's nomination particularly.

Scott said his advance chores at Chicago involves administrative work for the national committee.
He wants him available for other duties when and if (Nixon) obtains the presidential nomination.
Scott said the Pennsylvania Delegation will caucus on the night preceding the July 24 opening of the convention.

COURT ORDER COMES TODAY ON AIRLINES

MIAMI Fla. (AP) — A federal judge who has barred the Federal Aviation Agency from the Eastern Air Lines strike case, said he would sign an injunction today ordering pilots to cease their walkout.
Also scheduled were hearings on contempt citations against some of the pilots who refused to honor a court order to fly Eastern's planes out of Miami.

The big carrier told U.S. District Judge Joseph P. Lieb that the walkout, which is not union-sanctioned, is costing Eastern 1½ million dollars a day.

An EAL spokesman said only 21 per cent of its planes flew Monday. Eastern normally operates 400 flights daily on routes that extend from Houston, Texas, east to San Juan, Puerto Rico and north to New York.
The pilots struck Friday night at Miami in protest to allowing FAA inspectors to occupy cockpit seats on passenger flights. They claim that practice can distract the pilots.

Bandit Escapes With Store's Cash

BOULDER, Colo. (AP)—Manager Claude Meyers declined to say how much money was taken Monday in a robbery at a new supermarket. But he knows the bandit was satisfied with the store's service.

The man stepped into the cashier's wire cage in the rear of the store and directed Opal Switzer, cashier, to put all bills bigger than dollars in a cardboard box. She obliged.

As the robber left, Meyers noticed the big box he was carrying. He asked, "Have you been taken care of, Sir?"
"I sure have," the man replied—and fled.

House Committee Ignores Ike's Foreign Aid Pleas

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — The House Appropriations Committee Monday cut 700½ million dollars from President Eisenhower's original foreign aid requests, including 400 million from military assistance.

If the action is sustained by the House later this week, the aid program would get \$3,384,500,000 of the \$4,175,000,000 Eisenhower requested for the fiscal year starting July 1. In addition, it would have available an estimated 400 million in previous funds which have not been obligated in spending.

While the President actually requested \$4,175,000,000 in new money, Congress limited appropriations to \$4,086,300,000 in a separate bill authorizing continuance of the aid program. The actual money figure is \$701,800,000 below the authorized amount.

Reject Ike's Plea
The cuts were approved despite a special Eisenhower plea Saturday that the committee reject the proposed reductions in military assistance and defense support funds.

These "can not but jeopardize our own security and the defense of the free world," Eisenhower said in a telegram to House members.

Presumably the Senate, which regularly has been more generous than the House in foreign aid funds, will be asked to restore some of the cuts.

Cut Military Funds
The committee's action was taken on recommendation of a subcommittee headed by Rep. Otto E. Passman (D-La.).

The military phase of the program, which finances fighting equipment, training, supplies and services for friendly nations, was limited by the committee to \$1,600,000,000 of the two billion requested.

The committee offered no explanation for the cut, but noted that the amount approved is 300 million more than was appropriated for the present year and said more than two billion in unexpended balances was available.

Committee Recommendation
Here's what the committee recommended for other phases of the program:
1. Defense support, economic aid to bolster defense programs: The President requested 724 million; Congress limited this to 675 million in the authorization, and

2. Technical Cooperation, a program designed to develop economic resources and productive capacities of underdeveloped areas. The President wanted 172 million dollars, which Congress authorized. The committee cut it to 150 million.
3. United Nations program for technical help: The committee approved the entire 33 million dollar request.
4. Special assistance program: The President requested 268½ million dollars. Congress limited this to 256 million and the committee cut it to 206 million.
5. President's special emergency fund (to meet unforeseen contingencies): The President asked for 175 million dollars. Congress authorized only 150 million and the committee approved that figure.
6. Development loan fund: The President asked for 700 million dollars. The committee cut this to 550 million, the amount authorized by Congress.

PALMER BIG FAVORITE TO SNAG 'OPEN'

By DON WEISS
Associated Press Sports Writer
DENVER (AP) — Masters champion Arnold Palmer flew in from his latest money-making venture, fired a 66 and the odds on him to win the National Open golf tournament dipped to 4-1.

"Whew, what shotmaking," said Bob Rosburg, the 1959 PGA champion who Monday practiced with Palmer for the Thursday opening round. "A 66—and a 66 eased up, too. He's playing beautifully. His shots were just wonderful."

"I'll tell you this, too," Rosburg went on. "Either they (the U.S. Golf Assn.) harden these greens or you're going to see scores that are unbelievable. And Palmer's likely to be the most unbelievable of them all."

Record Is 276
Unbelievable enough to threaten the Open record of 276 Ben Hogan set at Riviera in Los Angeles in 1948?

"Definitely, if the course stays like it is now," said Rosburg, who called his 72 a "bad round."

"The greens are just wonderful—soft and almost too good. And the rough isn't tough like you find on most Open sites. It's thin and penalizes you hardly at all."

The course is the 7,004-yard, par 35-36-71 Cherry Hills Country Club, nestled in a meadow with the Rocky Mountains as a backdrop.

DON BOWDEN'S LEG SURGERY IS SUCCESSFUL

QUANTICO, Va. (AP) — Don Bowden, America's first sub-four-minute miler, looked down at his cast-encased left leg today and smiled wryly.

"What a time for this to happen. I really thought I had a good chance of winning the 800 meters in the Olympics in Rome. Now I don't know if I'll ever run again."

The slim, 23-year-old University of California graduate suffered a torn Achilles tendon in the 800-meter run in the Armed Forces Track Championships here Friday.

Operation Is Success
He underwent an operation Monday to repair the injured tendon and physicians pronounced it a success.

"They tell me that when it's all healed, the tendon will be stronger than ever, that they grafted some extra muscle," Bowden, an Army lieutenant, said. "But I'll be on crutches for a couple of months and won't be able to work out for perhaps a year."

Bowden, who got the United States into the 4-minute-mile club when he was caught in 3:58.7 three years ago, actually is the second fastest half-miler in history. His 1:47.2 is surpassed only by Tom Courtney's world record 1:46.8. Courtney won the 800 meters in the last Olympics in 1:47.7.

UPPER ADAMS PONY LEAGUE

Only one of the three games scheduled Monday for the opening of the Upper Adams Pony League was played, the Bigville Red Legs defeating the Giants at York Springs 10-6.

The White Sox-Orioles game at Arentsdorf and the Senators-Dodgers game at Idaville were rained out and have been rescheduled for Wednesday evening.

A three-run homer by Slaybaugh sparked the Red Legs to their victory. The winners piled up a 10-0 lead after three and one-half innings and then staved off a late drive by the Giants. The Red Legs rapped 10 hits and the Giants seven.

Red Legs — 104 500 0-10
Giants — 000 111 3-6
Batteries: Red Legs, Slaybaugh, Harvey (5) and Davis; Giants, Delp, McCauslin (3) and D. Black.

EMMITSBURG LITTLE LEAGUE

The Red Sox, powered by Harry Hahn's two homers, one of them a grand slam, walloped the Giants Monday evening at the Emmitsburg Little League. Steve kept the Giants well in hand as he coasted to an easy 22-5 victory.

Red Sox — 22 14 3
Giants — 5 6 5
Batteries: Red Sox, Steve Kelly and George Baker; Giants, H. Hewitt, J. Gelwicks and Mike Byard.

Helen Keller, who succeeded despite loss of sight, hearing and speech, was born in Tusculum, Ala., in 1890.

Former Champions On Olympic Team

CLEVELAND (AP) — Two former world and Olympic champions are among the six weightlifters picked for the U. S. Olympic squad.

Tommy Kono of Hawaii, who has won world, Olympic, Pan-American and U. S. titles in the three different weight classes, is one former champion on the team. The other is Chuck Vinci of Cleveland.

Kono won the U. S. title in the 165-pound class over the weekend, and Vinci won the 123-pound title.

Other titlists named to the Olympic squad Sunday night are James Bradford of Washington, D. C., heavyweight; John Pulskamp (198 pounds) of Columbus, Ohio; Jim George (181 pounds) of Akron, Ohio, and Isaac Berger (132 pounds) of York, Pa.

"Pender is less than just plain nuthin'," Archie said, "he is sub-nuthin'."

Moore said Pender beat Sugar Ray Robinson Friday for the New York-Massachusetts version of the middleweight title simply by out-clinching the Sugar Man. "This guy wrestled Robinson at least two minutes a round," Archie said.

And armed or otherwise, Pender wouldn't get away with that against him, Archie said.

"I spent 20 years researching a punch for just this type of opponent," Archie said. "I call it 'Archie Moore's wrestle-o-reenie'."

"Most punches are thrown straight, or are brought up. The wrestle-o-reenie is brought down. Travels but eight inches. It is angled at 90 degrees and bears 500 pounds of pressure per square inch."

"When I bring this punch down, the heels of the other man go up," smiled Moore.

Archie, a 206½-pound tower of jello in his last bout, said he'll have a new look when he meets Eric Schoepner for the 175-pound title next month. Archie gave this reason why he picked up the extra blubber:

"I was just trying to prove that fat men have their place in the world, too."

But that was a month ago. The Giants haven't won any of their last four series at home. Even if they break the slump by taking two of the three with Pittsburgh, they'll still trail the Pirates by percentage points.

The Giants missed another chance to close in on the Bucs Monday, blowing a 4-0, first-inning lead and losing 12-5 to third-place Milwaukee. That gave the Braves a split in the four-game series and put them within 3½ games of first place.

Johnny Logan drove in five runs for the Braves and Lew Burdette (6-2), who now has won three in a row for the first time this season. Logan doubled home a pair in a tying, four-run second inning that chased Jack Sanford, and then clinched it with a bases-loaded triple in the third off reliever George Maranda (0-1).

Paul Miller, National Bank left fielder, topped the hitters with a perfect three for three. Dennis Herring and Gerry Wisotzkey paced the winners with a pair of safeties each.

Johnny Flynn and Walter Toddes went the distance for their respective teams. Flynn receives credit for the win while Toddes is charged with his first setback in as many decisions.

The Rotary jumped to a 3-0 lead in the first frame but was held in check until the fifth by right hander Walter Toddes. The winners then collected three hits and four more runs in the bottom of the fifth frame.

MOORE SCOFFS BATTLE WITH PAUL PENDER

LOS ANGELES (AP)—Imagine, says Ol' Archie Moore, that little pipsqueak Paul Pender challenging me.

"I am startled by Pender's audacity," said the venerable monarch of the 175-pounders, reflecting on the Boston Irishman's curious ambition to fight Moore for the lightweight title.

"For me to meet a man like that and face my conscience, I would have to agree to let him carry a pistol," ageless Archie told columnist Melvin Durslag of the Los Angeles Examiner.

"Pender is less than just plain nuthin'," Archie said, "he is sub-nuthin'."

Moore said Pender beat Sugar Ray Robinson Friday for the New York-Massachusetts version of the middleweight title simply by out-clinching the Sugar Man. "This guy wrestled Robinson at least two minutes a round," Archie said.

DON BRAGG TO SEEK RECORD IN OUTDOOR VAULT

By ED CORRIGAN

Associated Press Sports Writer
QUANTICO, Va. (AP) — Don Bragg decided today to lower his sights temporarily.

"As of now," the big Villanova graduate said, "I will be happy merely to break the world outdoor record (the only one that's officially accepted around the world) for the pole vault."

"I'm still hopeful of getting up to 16 feet, but I'll settle for the record."

The current world mark of 15 feet, 8¼ inches is held by Bob Gutowski of the Marine Corps. He set it more than three years ago.

Bragg, for his part, has cleared 15-9½ indoors, but indoor records are not passed on by the International Amateur Athletic Federation, so he still is second best on the books.

Two Cleared 15-3
Both Bragg and Gutowski cleared 15-3 in the Armed Forces Championships here Saturday.

Bragg was awarded first place because he had fewer misses. For Gutowski, who has been having his troubles getting over 15 feet of late, it marked his best performance of the year.

"I was pleased with my performance," said Bragg. "Considering that I hurt my back at Compton (Calif.) last week, it wasn't a bad vault. I had my doubts that I'd be able to compete. I think I'll lay off now until the Olympic tryouts July 1-2."

What about Gutowski?
"I can't figure him out," said Bragg. "The only explanation I can offer is that he is in a bad slump. That has happened to all pole vaulters. I've been in slumps that I thought I'd never come out of."

Scribe Doesn't Understand Why Women Get Married

By HAL BOYLE
NEW YORK (AP) — Why do women want to marry? This is something the philosophic male often ponders. For to his unprejudiced eye, it often seems that most of the woes that befall women can be traced, directly or indirectly, to marriage.

Marriage appears to cause many of them to go to rack and ruin. Or if it doesn't, then what does? What else is there to blame?

This is something the philosophic

In Prime Of Life
A single girl of 22, in many ways, represents femininity at its peak. She is neat, strong, healthy, and attractive. She has a job and is financially independent. She likes sports and is well-informed on world affairs. She reads the latest books. She keeps up with everything.

She doesn't know it, but she is in the prime of life. What happens? Well, she listens to some wedge-headed youth who tells her, "What's a pretty dame like you doing wasting yourself behind a typewriter? Why don't you let me take you away from all this empty nonsense?"

She Falls Apart
She does. She marries the goof. And then what happens? Why she goes straight downhill. She falls apart like a wet paper bag in a hurricane. The years peel her like she was an artichoke.

Before marriage she could play 36 holes of golf and then demand, "Anybody for tennis?" After marriage she can't walk half a block without looking around for a taxi.

Before marriage she could carry a 25-pound pack on an all-day hike without help. After marriage she can't struggle into a girdle without help.

Must Eat Out
Before marriage she liked nothing better than inviting a boy friend to her apartment and dishing him up a nice meal. After marriage she suddenly can't stand her own cooking anymore. She wants to eat out at least three nights a week.

Before marriage a nice cloth coat suited her fine. After marriage something happens to her metabolism. "I just can't take these cold winters the way I used to," she says. "I have to have a fur coat or I'll freeze to death."

Before marriage she could talk on any subject. After marriage the only topic she is really interested in is, "why don't you either ask your boss for more money, or look for a better job?"

Other Changes
Before marriage she loved acting as a baby sitter. After marriage she spends most of her time trying to find a baby sitter.

Before marriage half a dozen guys stood in line to help her paint her apartment. After marriage she wails, "If this house is ever going to get any new wallpaper, I guess I'll have to put it up myself."

Why, Why, Why
Before marriage, when she got a new dress, everyone said, "Gee, you look pretty." After marriage, her husband merely growls, "What'd it cost?"

Before marriage she didn't have a gray hair in her head, and she had a shape like a willow tree.

After marriage—? But why go on with it? What matrimony does to the average woman is obvious to everyone—even herself.

ALPERN READY TO CHECK ON VOTE FRAUDS
The puzzle remains: Why do women eagerly seek marriage, when they know its terrible price?

PITTSBURGH (AP)—Atty. Gen. Anne X. Alpern says the Justice Department will investigate reported fraudulent voting in Delaware County.

Commenting on a Delaware County Times report that the names of two dead persons were listed on voter certificates in Chester for the April 26 primary election, Miss Alpern said: "I'll see that there is an investigation. Wherever we have proof we will investigate. Dead people shouldn't be voting anywhere in the Commonwealth."

Had Previous Reports
She noted that her office has had previous reports about alleged vote frauds in Chester and Dauphin County.

In Philadelphia, Deputy Atty. Gen. Victor H. Wright confirmed that the Justice Department has had information about the situation in Delaware County, but he said no definite timetable has been set yet for an investigation.

"We're pretty well tied up now in another county," said Wright, "and we have a limited staff."

Philadelphia Frauds
The department is currently investigating vote frauds in Philadelphia.

The Delaware County Times said the names of the dead persons were used 10 times in elections since their deaths according to records in the Media Registration office.

They are among 15 names involved in fraudulent and apparently fraudulent votes uncovered by the Times in last November's election and which appeared again in the April primaries. Others are names of registrants who moved as long as three years ago.

DR. MOORE, THE BRITISH HIKER, HIT BY AUTO
BRAZIL, Ind. (AP)—State police and Dr. Barbara Moore differed slightly today on how it happened, but the 56-year-old British vegetarian was more interested in hitting the road than in discussing her mishap.

The Russian-born physician said the "big American car" bumped her "just at the wrong moment," interrupting her cross-country hike Monday as she strode toward Indianapolis from the Illinois-Indiana border.

Dr. Moore said she was hit without warning while walking next to the grass divider strip on U.S. 40. State police said she stepped off the grass and into the path of the car driven by Elizabeth M. Kline, 67, of Shamokin, Pa. All agreed the slowly moving car

Injuries Plague Unlucky Phillies

PORTLAND, Ore. (AP)—Tough luck continues to plague the injury-ridden Philadelphia Phillies.

Tony Curry, rookie outfielder who is fourth in National League batting with a .336 average, pulled a muscle in his left leg Monday night in a 7-2 exhibition victory over Portland of the Pacific Coast League.

Curry pulled the muscle in the fifth inning rounding first base after he had doubled in Ted Lepcio.

There was no immediate indication how long the pulled muscle would keep Curry out of action.

Meanwhile, shortstop Ruben Amaro, recalled from Indianapolis to join the club tonight in Los Angeles, replaces Joe Koppe who suffered a broken hand two weeks ago.

BASEBALL TRIP IS MARRED BY BUS STABBING
MOUNT HOLLY, N. J. (AP)—Austin Chalk, 51-year-old Chester, Pa., landscape gardener, was scheduled for a hearing today in nearby Audubon Park, accused of stabbing a fellow passenger on a bus.

Chalk, a Negro, admitted he stabbed in the back Marc Brooks, 21, of 1003 Bradford Way, Chester, when a fight started Sunday while the driver of the chartered bus was in police headquarters making an accident report. Police Chief Lewis Sipple of Audubon Park said.

Brooks, a garage attendant, was released after treatment at a hospital.

Charged With Assault
Chalk was charged with atrocious assault and battery with a deadly weapon.

Sipple said police of five communities were called to assist in stopping the fight and quieting 31 bus passengers who had gone to New York to attend a baseball game.

When the bus approached the intersection of Black Horse Pike and Nicholson Road, it and a car driven by Frank Kuna of Monaca, Pa., collided. A passenger in the car was treated for cuts at Our Lady of Lourdes Hospital, Camden.

While both drivers and patrolman Clyde Ryerson of Audubon Park were in headquarters, Sipple said an argument started in the waiting bus outside the community building.

Police quoted Chalk as saying someone hit him in the face and he pulled a pen knife and "stabbed the guy in front of me."

No Chance For Record
Although she has no chance of breaking the cross-country walking record, Dr. Moore spoke anxiously of resuming her California to New York trek as soon as possible if, for no other reason, than to hurry down under for her cross-Australia march, "And Canada after that."

Dr. Moore planned to be on her way "sooner than you think." She said her vegetarian diet of more than 40 years had quickened her recuperative powers, and that she might walk "day and night" over the last 700 plus miles of the trip which started 62 days ago in San Francisco.

PROXMIRE'S CHARGES TO BE REFUTED

WASHINGTON (AP) — The State Department promised today what it called "a detailed refutation" of charges by Sen. William Proxmire (D-Wis.) that it was guilty of serious irregularities in buying furniture.

Proxmire told the Senate Monday that a firm headed by the son of Secretary of Commerce Frederick H. Mueller had received nine contracts totaling \$89,400 for furniture for embassies abroad.

"None of the contracts was awarded on the basis of competitive bids," Proxmire said.

Shipped By Air
He particularly criticized the purchase of more than \$69,000 of furniture for the U.S. Embassy in Caracas, Venezuela, and the shipment of most of it there by plane at an added cost of \$30,000.

He rejected as unsatisfactory the State Department's explanation that the decision to ship by plane was made because of a longshoremen's strike. He said the strike ended last Oct. 9 and the embassy wasn't ready for occupancy until Nov. 1.

The State Department said that if the furniture had not arrived by Nov. 1, it would have had to retain its old quarters for another month at a rental cost of \$11,000.

MAN SETS HIS HEARTBEAT BY A PACEMAKER
MILWAUKEE, Wis. (AP)—Carl Barker, 38, an engineer, sets his own heartbeat by an electronic pacemaker.

Barker explained today how he has obtained a new lease on life with the aid of the electronic gadget installed in January by a team of University of Minnesota surgeons.

Barker, father of four children, said he had suffered several heart attacks and his heart beat had slowed to about 20 beats per minute. The attacks finally forced him to quit work last fall.

He heard about the pacemaker developed at Minnesota and went there to consult Dr. C. Walton Lillehei, famed for his open heart surgery.

Returns To Work
The Minnesota surgeons developed a pacemaker for Barker and he was able to return to work this spring.

The pacemaker he uses is a transistorized package. It has an eight-inch special steel wire leading through Barker's chest to the heart where it is attached in two places to the ventricular muscle.

With a simple dial, Barker regulates the electrical stimuli to cause his heart to beat at the rate of 80 to 85 beats per minute during the day. At night he slows his heart beat to about 60 beats per minute. He experiences no feeling from these small electrical shocks but keeps tab on his heart by means of a flashing light on the pacemaker.

The Mayflower which arrived in Plymouth, Mass., on Dec. 21, 1620, was three-masted. It had a speed of about 2½ miles per hour.

Lawrence Avoids "Mass Deficits"

CLEARFIELD, Pa. (AP) — Gov. Lawrence's administration is dedicated to fiscal responsibility of keeping Pennsylvania "out of the jungle of mass deficits," the governor said Monday night.

In an address before the Clearfield Chamber of Commerce, Lawrence said his administration will not promise anything the state is not prepared to pay for or anything that is economically unfeasible.

Lawrence also said the state is under taking a number of projects in the Clearfield area which are "clear-headed basic investments in the future of our communities." He named the widening of U. S. 322, construction of the Keystone Shortway, the Curwensville Dam and Prince Gallitzin State Park.

At the same time, he said that Route 219 is being planned as a major link between the Pennsylvania Turnpike at Somerset and the shortway at DuBois.

Bulging Cheeks Hold Stolen Cash
PITTSBURGH (AP) — George Morris Jr., 38, stood silent as employees of a downtown five-and-dime accused him of stealing money from the cash register.

He wouldn't say whether he did or didn't as a search of his person failed to uncover any of the missing funds Saturday.

A policeman noticed what looked like a large chew of tobacco in Morris' cheek. His mouth was opened and out popped \$29 in bills—two tens, a five and four ones.

Morris was held for court on a larceny charge.

OPPOSITION TO ANTARCTIC TREATY GROWS

By ERNEST B. VACCARO
WASHINGTON (AP)—Sen. Clair Engle (D-Calif.) charged today the Antarctic Treaty with the Soviet Union and 10 other nations poses "a danger to the security of the United States" and its allies.

Engle, asking its rejection, said the treaty would settle "the seal of free world recognition on the Soviet presence in Antarctica in return for whatever assurance the treaty offers that the Soviets will not be trouble makers."

The treaty, signed in Washington last December, provides that Antarctica shall be developed and used only for peaceful purposes. It recognizes no territorial claims by any individual nation.

Ten Others Sign
In addition to the United States and the Soviet Union, countries signing the treaty are Argentina, Australia, Belgium, Chile, France, Japan, New Zealand, Norway, South Africa and Britain.

Engle spoke against the treaty in testimony prepared for the Senate Foreign Relations Committee. Sen. Ernest Gruening (D-Alaska) also was listed as an opposition witness.

Chairman J. William Fulbright (D-Ark.) told newsmen that if the treaty "runs up against much serious opposition this late in the session, it may have to go over to the next" session.

"Like Missing Alaska"
Engle said that for the United States to give up sovereign rights it has earned over the years in

Monorail Sleds Shatter Records

HOLLOMAN AIR FORCE BASE N.M. (AP)—Two speed records have been shattered by monorail rocket sleds on Holloman's 7-mile test track.

One of the high-speed runs was made by a 2½-ton, 48-foot rocket, composed of three Nike rocket boosters fired in three stages. It reached a speed of 2,650 miles an hour and traveled 5½ miles in 15 seconds.

The second monorail sled was powered by three Javelin rockets, fired simultaneously. In a 25,000-foot run, the sled hit a speed of 2,688 miles an hour—the fastest monorail sled run at the Holloman track.

Antarctica "would be as great a folly as it would have been many years ago to forego purchase of Alaska."

"The treaty will give the Soviet Union a position of equality which it does not deserve, and which poses a danger to the security of our allies in the southern hemisphere," Engle said.

Initiated by the United States, the treaty prohibits establishment of military bases in Antarctica, provides for freedom of scientific research and cooperation and bans nuclear explosions and the dumping of radioactive waste there pending conclusion of international agreements on nuclear uses.

In submitting it to Congress, President Eisenhower called it "a significant advance toward the goal of a peaceful world with justice."

Other appointments by the department: George W. Ellison, Williamsport, technical education specialist, \$8,580 annually. Ellison was a survey specialist for the Northumberland County school board and previously was vocational education coordinator for the Williamsport schools.

Presbyterian Synod Opens

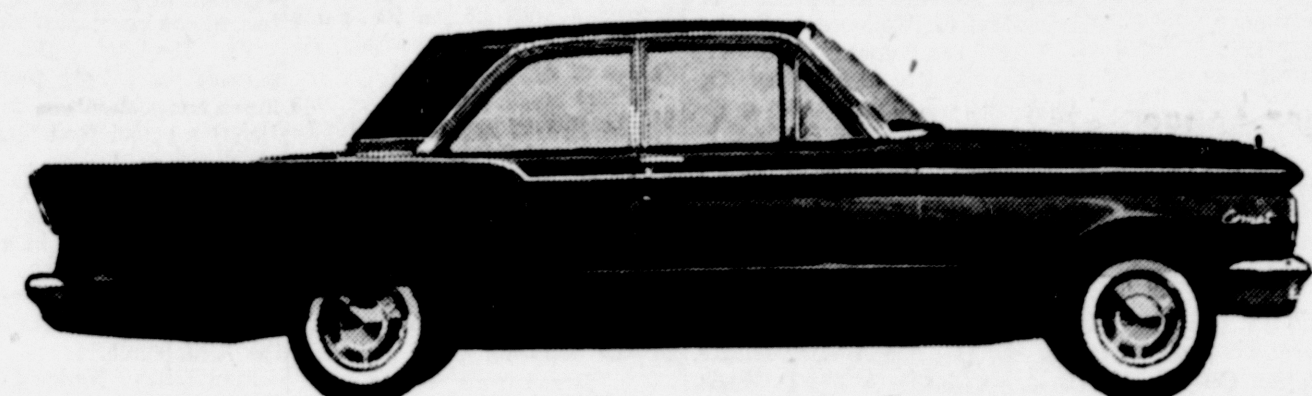

GROVE CITY, Pa. (AP)—Some 220 clergy and lay commissioners Monday opened the 79th session of the United Presbyterian Synod of Pennsylvania at Grove City College.

Representatives of the 15 Presbyteries, which includes 540,000 members, were welcomed by Dr. J. Stanley Harker, president of the college. The sessions will end Thursday.

Meetings of the woman's Synodical Society and a planning conference for major committees will be included in the sessions.

Turn-over Of Pennsylvania Farms Drops Sharply In '60

By RICHARD L. GRAVES
HARRISBURG (AP)—The turn-over of farm real estate in Pennsylvania dropped sharply during the past year despite an all-time high average price for land.

The rate of transfers of farm property dropped more than 13 1/2 per cent during the year ended March 15, the U. S. Agricultural Research Service disclosed.

But the average value of farm land, including improvements, was a peak \$190.65 an acre—a per cent boost over the previous year. The soaring land values reflect increasing demand from non-farm sources for land. The reasons are varied: Urban developments, industrial sites, highway construction and reservoir building.

Rise On Values
Consequently, the abrupt drop in the turnover of land indicates mounting resistance from farmers to relinquish their holdings. In turn, that means a probable continued rise in state farm land values.

Most of the non-farm pressure for agricultural real estate is in the southeastern quadrant of the state, which is the most heavily urbanized. It also happens to represent the major part of the state's farm economy.

The condition of the state's farm economy is healthy, except for an ailing poultry industry. Poultry farms generally are quite small from the standpoint of land holdings since they are basically specialized production units which do not require large acreage.

Economy Is Sound
Since the farm economy is reasonably sound, there is no great internal pressure to sell land. The pressures are external. It appears Pennsylvania farmers are holding out—and will continue to hold out—against the non-farm pressures.

The supply and demand balance will be maintained when the farm-land turnover rate begins to climb again.

The overall rate of turnover in Pennsylvania during the past year was 38.4 farms per 1,000. That means transfers totaling about 5,600. The rate the previous year was 44.1 per 1,000.

Voluntary sales—representing more than two thirds of all transfers—dropped about 9 per cent. Significantly, sales because of mortgage foreclosures and tax sales both dropped by more than half during the year. Together they represented only about 3 per cent of all sales.

Sharpest Drop
The sharpest drop was in the miscellaneous sales category, a decrease of 23 per cent. Next to voluntary sales, they represent the largest single category of transfers. The major drop in that category carries special significance. The miscellaneous grouping includes primarily transfers resulting from inheritances and gifts, administrator's and executor's sales. In other words, sales handled by financial advisers, banks and trust companies.

The inference from the statistics is that financial experts consider farm land a prime long-range investment in view of its price steady growth during the past decade. The result is fewer estates are selling their land.

The average price of an acre of Pennsylvania farm land has increased more than 57 per cent in the past decade. The sharpest growth has been in the past three years.

The Story Behind The Book

THE GOOD YEARS
By Walter Lord

Walter Lord became fascinated with the whole turn-of-the-century period while engaged in research for "A Night to Remember." It was this book, a Book-of-the-Month Club Alternate Selection in 1956, that made Lord's reputation as a unique historian-narrator. In it he described in detail that fateful night in April, 1912, when the White Star liner Titanic hit an iceberg in the North Atlantic and sank, with a loss of over 1,500 of her 2,000 passengers.

It occurred to Lord as he collected material from contemporary accounts and from personal interviews with the few survivors still living in the 1950s that, quite apart from the Titanic tragedy, the people of the 1900-1914 era had had the best of everything. They had enjoyed the Good Years. As Lord expresses it:

"Good, not because rich men rode in private railroad cars and society gave magnificent parties. Most people rarely traveled, and many went to no parties at all.

"Good, not just because the world was at peace. Millions of so-called 'little brown brothers' took violent exception to America's fumbling (if well-intentioned) imperialism.

"Good, not even because a shirt cost only 23 cents. The child who often made the shirt got only \$3.54 a week.

"These years were good because, whatever the trouble, people were sure they could fix it. The solutions differed, of course—Theodore Roosevelt had his Square Deal, Carry Nation her hatchet—but everyone at least had bold plan, and could hardly wait to try it."

But before Lord could get started on a book highlighting the events, personalities and tone of those buoyant and exuberant days, he was asked by a national magazine to dramatize what had happened at Pearl Harbor in 1941. The resultant book was "Day of Infamy," the title having been suggested, as many will recall, by President Roosevelt's famous six-minute address before a Joint Session of Congress, beginning, "Yesterday, December 7, 1941, a day which will live in infamy."

Writes On Research
Then, in the spring of 1958, Lord was asked to write a magazine piece on his research technique. When he went back to check his files on the Titanic disaster, he realized he had that turn-of-the-century fever again. He says: "I found it was simply impossible to be exposed to those gigantic ladies' hats, those huge brass headlights, those flashing teeth of Teddy Roosevelt, without wanting to write some more about those days. There was so much that delighted me I couldn't decide upon any particular phase, and the idea suddenly occurred to me to write about them all." The result was "The Good Years."

To gather his material he studied newspapers and books by the hundred, as well as unpublished letters, diaries, even Pinkerton reports, filled with fascinating, hitherto unknown detail. Especially valuable were the interviews he was able to obtain with people who had figured prominently in the 1900-1914 period and who were now living quietly on the sidelines.

"The Good Years" is a vivid cornucopian book ranging in time and place from the Boxer Rebellion in China in 1900 to the Panic of 1907, from Peary's dash for the North Pole in 1909 to the struggle for woman's suffrage which reached a climax (if not a resolution) in 1912. The assassination of Archduke Franz Ferdinand and his wife in July of 1914 marked the end of the era; the good old days were gone never to return.

Lord writes: "Perhaps it was just as well. There was much that was wrong with this old way of living—its injustices, its naivete, its waste, its smug self-assurance. Men would come along to fix all that. New laws, controls, regulations, forms filled out in triplicate would keep anybody from getting too much or too little. And swarms of consultants, researchers, special assistants and executive committees would make sure that great men always said and did the right thing.

"There would be great gains. But after all the gains had been counted, it would turn out that something was also lost—a touch of optimism, confidence, exuberance and hope. The spirit of an era can't be blocked out and measured, but it is there nonetheless. And in these brief, buoyant years it was a spark that somehow gave extra promise to life.

By the light of this spark, men and women saw themselves as heroes shaping the world, rather than victims struggling through it.

Like "A Night to Remember" and "Day of Infamy," "The Good Years" is a Book-of-the-Month Club choice. It will be distributed as the July selection.

Lord, a graduate of Princeton in the class of 1939, was studying at Yale Law School when World War II intervened. He served overseas with the OSS, returning to Yale after the war to receive his law degree in 1946.

Deciding against the practice of law, he joined the Research Institute of America, an organization that translates tax decisions, administrative rulings and such into plain English for the benefit of businessmen. Later, he wrote books for businessmen, including two in collaboration with the tax expert, J. K. Lasser. Of his association with Mr. Lasser, Lord now says: "Lasser was a wonderful man—an indefatigable worker—who taught me everything I know about organizing re-

search."

Lord then became associated with the J. Walter Thompson advertising agency. At the same time, working at home in the evenings, he began to prepare his edition of "The Fremantle Diary," a journal kept by a British officer who toured the Confederacy in 1863. The "Diary" was published in 1954 and was followed in 1955 by "A Night to Remember." By then there was no question that Lord had found his true vocation.

For that reason, Morgan, chairman of the House Foreign Affairs Committee, believes that he should have been named a delegate-at-large by the Pennsylvania State Democratic Committee.

"I'll be going as an alternate," Morgan said in an interview, "and I had to run and be elected for that."

Points At "Belters"
This means that Morgan—one of Pennsylvania's only two chairmen of standing committees in Congress—won't even have a vote at the convention unless one of the regular delegates from his district fails to appear.

Morgan said he had no objection to the state committee's selection as delegates-at-large of two other congressmen, Reps. Francis E. Walter and William J. Green. But, said Morgan, there were others selected—such as H. G. Andrews, speaker of the House of Representatives—who were named and "immediately bolted from the governor's leadership."

Andrews For Kennedy
His reference was to Gov. David L. Lawrence's position as chairman of the convention delegation of going to the party uncommitted to any candidate for the presidential nomination.

Andrews has come out strongly for Sen. John F. Kennedy (Mass.) as the Democratic candidate. "I would go along with the governor—that's the way I am," said search."

REP. MORGAN SEES FOREIGN POLICY ISSUE

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP)—Rep. Thomas E. Morgan (D-Pa.) believes conduct of foreign affairs will be one of the most important issues at the Democratic national convention next month.

For that reason, Morgan, chairman of the House Foreign Affairs Committee, believes that he should have been named a delegate-at-large by the Pennsylvania State Democratic Committee.

"I'll be going as an alternate," Morgan said in an interview, "and I had to run and be elected for that."

Points At "Belters"
This means that Morgan—one of Pennsylvania's only two chairmen of standing committees in Congress—won't even have a vote at the convention unless one of the regular delegates from his district fails to appear.

Morgan said he had no objection to the state committee's selection as delegates-at-large of two other congressmen, Reps. Francis E. Walter and William J. Green. But, said Morgan, there were others selected—such as H. G. Andrews, speaker of the House of Representatives—who were named and "immediately bolted from the governor's leadership."

Andrews For Kennedy
His reference was to Gov. David L. Lawrence's position as chairman of the convention delegation of going to the party uncommitted to any candidate for the presidential nomination.

Andrews has come out strongly for Sen. John F. Kennedy (Mass.) as the Democratic candidate. "I would go along with the governor—that's the way I am," said search."

DEMANDS FOR IMPEACHMENT ARE DEFEATED

HARRISBURG (AP)—A Republican demand that Dist. Atty Victor H. Blanc of Philadelphia be impeached has been defeated by the Democratic-controlled House Judiciary Committee.

The move to impeach Blanc was killed Monday by a 13-4 party line vote during a 4½-hour closed-door hearing on charges brought by Rep. John Stewart (R-Phila.).

Rep. Herbert Fineman, vice chairman and one of five Philadelphia Democrats on the committee, said Stewart failed to prove that Blanc was negligent in the conduct of his office.

"Grave Mistake"

Stewart, the only witness to appear before the committee, said the decision was a grave mistake, adding:

"I'm not going to give up. I'm going to keep fighting. I'm convinced I'm right."

He based his request for impeachment of Blanc, a Democrat, on a claim that the district attorney mishandled cases involving alleged vote frauds in Philadelphia, and Teamsters officials.

Report Next Week

The committee, composed of 13 Democrats and seven Republicans, will present its report to the full House next week. With Democrats in control of the chamber there appears no chance the committee's action will be reversed.

Rep. Edwin W. Tompkins (Camden, senior Republican member, said the GOP minority probably will make a dissenting report to the House.

"We were refused the right to call any witnesses," Tompkins complained. "I don't think the petition has been given the treatment it deserves."

Another Probe Pending

The committee's action disposed of one phase of the Republican moves to investigate the Democratic stronghold of Philadelphia.

Still awaiting final disposition is a Senate-passed resolution to have a joint House-Senate committee make an investigation of the voting situation in the city.

House Democratic leaders have indicated an unwillingness to go along with the Senate on this, but

NETWORKS TO OUTDO EACH OTHER IN JULY

NEW YORK (AP)—The three television networks are in a giant contest to provide the most complete, fastest and smoothest coverage of the forthcoming political conventions.

ABC, however, seems to be out ahead in offering the most luxurious facilities to its commentators and convention delegates. It plans something called a special room where weary staff members and tired politicians may repair for a revitalizing whiff of oxygen and a rest in vibrating chairs while breathing negatively charged air—whatever that is.

If the networks give us the all-out coverage their plans indicate, it might be better to send out oxygen kits and tanks of negatively charged air for fatigued viewers.

CONNECTICUT BUS LAW HELD OKAY BY COURT

HARTFORD, Conn. (AP)—The Connecticut Supreme Court of Errors today ruled that a state law permitting transportation of parochial school pupils in public school buses is constitutional.

The state's highest tribunal added, however, that use of money from the Connecticut School Fund for this type of service is unconstitutional.

This means that some communities may have to revise their fiscal housekeeping.

4-1 Decisions

But Chief Justice Raymond E. Baldwin, with three of the other four judges concurring, found nothing wrong with the law permitting non-profit private school children to ride to their classes in public school buses.

The law, he said, "aids the parents in sending their children to a school of their choice, as is their right. It protects the children from the dangers of modern traffic and reduces the hazard of contracting illness in bad weather."

Consistent With Policy

Moreover, the opinion continued:

"It is consistent with the present day policy of gathering children in modern schools for better educational opportunities. It primarily serves the public health, safety and welfare and fosters education."

"In the light of our history and policy, it cannot be said to compel support of the church. It

ORRTANNA—Mrs. Ruth Dear-dorf was hostess to the Margaret Donaldson Bible Class of the local Methodist Church for its monthly meeting at her home here Wednesday evening. Eight members attended the meeting which was opened by a prayer by the president, Mrs. Ruth Donaldson.

The scripture reading was given by the hostess after which the minutes were read and the treasurer's report given. During the business meeting plans were made for jelly making during the summer in the church hall.

A hat sale was conducted which netted the class \$2.50. A new feature of the program was a gift of baked goods consisting of a loaf of bread, 15 rolls and a dozen sugar cookies. The gifts were presented by Mrs. Laura Cease and netted the class \$1.05.

The following devotional readings were given: "The Old Philosophers Say," Mrs. Mary Tressler and "Transformed" by Mrs. Ruth Donaldson. The scripture study was the 12th chapter of St. Luke. The meeting closed with the Lord's Prayer.

The gift box donated by Mrs. Tressler was won by Mrs. Grace comes up to, but does not breach, the "wall of separation" between church and state."

Lone Dissenter

The fifth justice, Samuel Mellitz, disagreed with the portion of the opinion ruling the law constitutional.

He said the question was whether the fact that the town pays for transporting pupils to and from the Roman Catholic school involved in the case constituted support of the school.

PLAN RITES FOR J. H. WALKER

HARRISBURG (AP)—Funeral services will be held here Wednesday for J. Herbert Walker, 69, former editor of the old Altoona Tribune.

He died at a Harrisburg Hospital Monday following a brief illness.

He is survived by his widow, Mrs. Lillian B. Walker.

Burial will be in Altoona.
